Titolo del progetto	Situation Aware Security Operations Center
Acronimo	SAWSOC
Descrizione del progetto	SAWSOC aims at bringing a significant advancement in the convergence of physical and logical security meaning: effective cooperation (i.e. a coordinated and results-oriented effort to work together) among previously disjointed functions. Recently some achievements have been made (e.g. SEM and SIEM have merged into SIEM, and LACS and PACS have merged into IM), Security Operation Centers (SOC) technology has improved significantly, but much is yet to be done. SAWSOC holistic approach and enhanced awareness technology will allow dependable (i.e. accurate, timely, and trustworthy) detection and diagnosis of attacks. Which will ultimately result in the achievement of two goals of paramount importance, and precisely: 1) Guaranteeing the protection of citizens and assets, and 2) Improving the perception of security by citizens.
